JQA Management System Registration Mark General Repro Proof
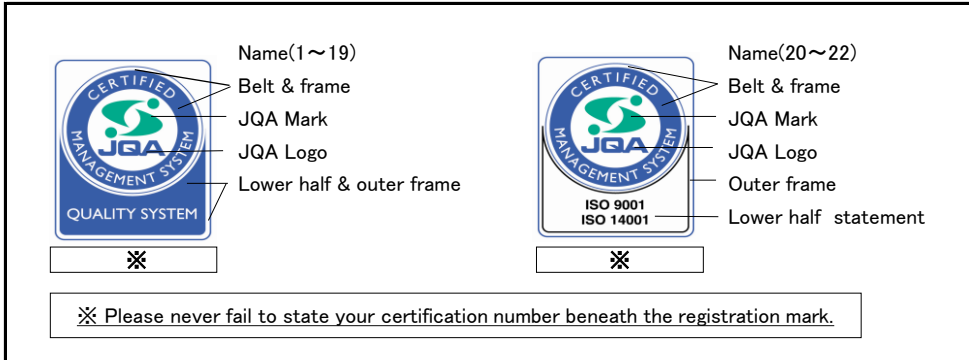

- ・Before using the following marks, please check ″GUIDLINE ON PUBLIC ANNOUNCEMENTS OF REGISTRATION AND CONDITIONS FOR THE USE OF THE REGISTRATION MARKS″.
- ・When printing in color, please follow each color specification shown below. Registration marks can also be printed in monochrome and blue single color.
- ・For the marks that have no information on process color, please check them on DIC Corporation's DIC Colorguide.
- ・For the marks that have information on process color, please follow those information below provided by each mark holder.
- ・For printing materials, please follow this repro proof, and use the electronic data of the registration marks and accreditaion symbols.
- ・Although most of the Electronic data is available at our JQA Customers Website by download, if you need the data of the marks or symbols that are not available at our website, please request us by submitting ″Request for Registration Mark Data″.
