

TYPE CLASSIFICATION/CONSTRUCTION TABLE AND CROSS SECTION DRAWING

Type Classification Table (please fill in below table)

Name of equipment wire	Classification												
	(Enter any relevant number with referring to the Page 12/13/14 in the Application Guide. Enter "0" where nothing to apply.)												
	A	B	C	D	E	F	G	H	I	J	K	L	M
General wire	2	1	3	1	2	1	2	1	2	0	0	0	0

Name of equipment wires: General wire / Composite wire / Tubing / General High-voltage wire / Composite High-voltage wire

Classification code: A. Number of conductors B. Cross-sectional area of the conductor C. Type of insulator
 D. Thickness of insulator E. Filler F. Shielding G. Type of jacket H. Thickness of jacket
 I. Color of jacket or of outer jacket J. Outer diameter K. Inner diameter/dimension
 L. Outer diameter of high-voltage cable M. Maximum voltage of high-voltage cable

Detail of the type classification, please read [this guide](#).

Construction Table (please fill in below table)

Generic Type		General Wire	Composite Wire	Tubing
Construction		AWG26		
Insulation	Thickness	0.12mm		
	Material	PVC		
Outer Sheath (Jacket)	Thickness	0.37mm		
	Material	Non Rigid PVC		
Inside Diameter				
Outside Diameter
